 aetrex®

Healthy Comfort Starts Here!®

Our mission at Aetrex is to help people stay comfortable and healthy on their feet. We believe this all starts with a comprehensive foot scan. Over the past 20 years, we've placed over 12,000 foot scanners around the world that have performed more than 50 million scans. With all of this data, it's no surprise that we really know feet. And we recognize this is our secret sauce for developing really great shoes and orthotics.

Our unique, premium footwear designs are all based on learnings and scientific data from our foot scans to ensure maximum comfort, support and a better overall fit. The collection features Aetrex's Signature Arch Support to provide alignment, minimize over-pronation and help prevent common conditions such as Plantar Fasciitis, Arch Pain and Metatarsalgia. Each shoe meets the highest standards in design while providing cutting edge material technologies and unmatched adjustability for a personalized fit.

aetrex® healthy ingredients proudly feature:

- Aetrex orthotic footbeds for support, balance and alignment
 - Material technologies underfoot to relieve pressure and promote comfort
 - Anti-microbial technology to keep your feet healthy and clean
 - SmartBuckle™ closures for elegant fitting flexibility
-

Proudly recognized and approved by the American Podiatric Medical Association for better foot health
